

Master Tomato Growers, 3 From County, Lauded For Production Records

Six "master tomato growers," two of them from Adams County, were cited for their production achievements Tuesday evening at the annual tomato growers' banquet at the C. H. Musselman Company cafeteria in Biglerville.

President John A. Hauser of the Musselman Company announced that the "master" growers, each of whom had a record of producing more than 20 tons of tomatoes to the acre last year, would receive a \$25 U. S. Savings Bond.

Those who were specially recognized and their record follows: William J. Barbour, Biglerville, R. 1 who produced an average of 21.52 tons to the acre from 3.96 acres; Donald Dillon, Orrtanna R. 1, 22.91 tons on 9.94 acres; John L. Rexroth, Red Lion R. 2, 22.75 tons from 2 acres. They were introduced. The other three who were not present were Mervin Hilt, Windsor, Pa. R. 1, 20.69 tons on 2.5 acres; John S. Hively, Brogueville, Pa. R. 1, 20.54 tons on 2 acres and Donald L. Rexroth, Red Lion R. 3, 26.06 tons on 2 acres.

250 AT BANQUET

The entertainment feature was a string ensemble composed of six male employees of the Inwood Plant, "Clara Belle and Her Five Cats."

More than 250 attended the banquet with Kenneth S. Alwine, procurement director for the Musselman Co., as toastmaster. J. F. Kanagy, purchasing agent, gave the invocation. Members of the supervisory and office personnel served as waiters. The speakers' table was decorated with an arrangement of pink and white carnations and Bells of Ireland.

Alwine introduced John O. Pepper, extension entomologist from Pennsylvania State University, who spoke on the major problem of tomato growers, the Drosophila, more commonly known as the fruit fly. He said there was no one spray to control

France Rushes 60,000 Troops Into Algiers To Stop Violence By Rebels

By ANDREW BOROWIEC

ALGIERS (AP) — The French rushed 60,000 troops in Algiers today to bring the city's 300,000 defiant European settlers under control.

Reinforcements rolled in from the countryside to guard against any new outbreak by the Secret Army Organization fighting to sabotage the cease-fire agreement nationalist rebels. Armored cars, Army Organization fighting to sabotage the cease-fire agreement nationalist rebels. Armored cars and halftracks patrolled the streets of the Algerian capital.

The Secret Army Organization is known as the OAS.

"WE ARE STUNNED"

The settlers' cause appeared hardhit by the heavy army fire into a crowd of European demonstrators Monday in which 45 Europeans were killed and 120 wounded in the heart of the city.

"We are so stunned we cannot think of any reaction," said one

Have 22 Entrants For Talent Show

Twenty-two entrants already have signed for the talent show to be presented by the Cashtown Lions Club April 13 in the Cashtown community hall, it was announced at the regular dinner meeting of the Lions Club Tuesday evening at the Orrtanna Methodist Church. President Clark Spence presided at the meeting with 31 members in attendance.

The club voted a \$10 donation to the current Red Cross fund campaign and \$15 to the Gary Carr fund. A club member added \$5 to the Carr fund gift so that the club treasurer will be forwarding \$20 for that cause.

The Lions talked about plans for a spring ladies' night dinner meeting April 24 at the Cashtown fire hall and elected these delegates to represent the club at the annual state Lions' convention to be held May 6, 7 and 8 at Scranton: Stanley Sharrah, President Spence and Irvin Keiser.

The club's next meeting will be held April 10 at Cashtown.

Countian Observes 92nd Anniversary

John A. Cease, Orrtanna, will observe his 92nd birthday Saturday. He was a fruitgrower and for 50 years served as mail carrier through the Mt. Carmel section. He and his wife, the former Matty Biesecker, now deceased, had five children, four of whom are still living.

In his earlier years he taught the Men's Bible Class of the Orrtanna Methodist Church and for many years was superintendent of the Sunday School. He was a school director in Hamilton Township when the Fairfield jointure was created and was one of the leaders in bringing that about. He has always been an ardent Republican and is interested in national and world news, watches television and reads the newspapers. He cooks his own breakfasts and leads a fairly active life.

JUNIOR RIFLE CLUB TO USE RANGES SOON

The 10 members of the Gettysburg Junior Rifle Club are hopeful they can get on their new firing range Sunday afternoon.

The club, organized earlier this year by Lane N. Benda, last Sunday finished setting up a 50-foot target practice range and a 75-yard shooting range on land provided by Robert White at the Gettysburg Foundry, near Greenmount.

So far the youngsters, aged 10 through 15, have engaged in study of the .22 calibre rifle, rifle safety, rifle handling and hunting safety at sessions held at the Western Auto Associate Store, York St. The club is sponsored by the owner of the store, Otto T. Benda, with his son, Lane, as club leader, instructor and range officer.

OFFICERS CHOSEN

Darryl Mummert, 22, recently discharged from the Navy, is assistant club leader and a range officer.

Michael Sheads is president of the club; Philip Fazenbaker is vice president and William Nace, treasurer. The group elected Mrs. Lane Benda as the secretary.

Members of the club in addition to Sheads, Fazenbaker and Nace are Kenneth Boyer, Fred Ditzler, John Hook, William Eden, William Mellors, George Reber and James Gallagher.

The club has been meeting Tuesday nights. It has worked on

Invite Juniors To Hear Guard Story

With a few openings still available in the local National Guard unit, young men now Juniors in high school are asked to visit the Armory on W. Confederate Ave. Monday night to hear of the advantages of National Guard enlistment.

Capt Donald Doersom said those attending "need feel no obligation. We believe that the Guard has an outstanding opportunity for young men and we will give the details to all who visit. Those who wish to take advantage of the opportunities will have to act quickly thereafter however."

60 POSTERS ENTERED IN JCC CONTEST

Art students of the public schools have responded with enthusiasm and a display of talent in the Poster Contest conducted by the Gettysburg Junior Chamber of Commerce in connection with the project, "Campaign Gettysburg."

The posters were completed late last week and are on display in the windows of business places in Gettysburg.

Using the theme "To Create Our Historic Image," the students have turned in more than 60 posters portraying their conception of Gettysburg's historic past.

EDUCATORS PLEASED

Commenting on the project, Clifford Snowberger, principal of the high school, said today: "We have been gratified with the response shown by the students. They have displayed much enthusiasm and, particularly impressive to us, has been the talent shown by many of the students."

"The results of the contest have gone beyond our greatest expectation. The students were eager to meet the challenge and there was more than an ordinary amount of originality in their work."

"Much credit is due to the art department for the way the members have supervised the contest."

JUDGE ON SATURDAY

The contest is divided into four categories: Seventh, Eighth and Ninth Grades and, in the fourth

Warner Hospital On Top List Again

The Annie M. Warner Hospital for the ninth consecutive year has been accredited by the Joint Commission on Accreditation of Hospitals according to the annual list published by the organization in Chicago.

From 1919 until 1953 the American College of Surgeons accredited the hospitals. In the latter years the joint commission, an agency established by the American College of Physicians, American Hospital Association and the American Medical Association, was created to conduct the annual survey and inspection of hospitals.

"Accreditation of a hospital means," according to Dr. Kenneth B. Babcock, commission director, "that it has voluntarily submitted to a survey of its facilities and its patient care. It is a badge of recognition which the hospital can display to its community to prove that it conforms to high standards of patient care."

Dutch Warships, Troops Rushed To W. New Guinea To Counter Infiltration

By NEL SLIS

THE HAGUE, Netherlands (AP) — Dutch warships and troops rushed toward West New Guinea today to counter stepped-up Indonesian infiltration of the disputed territory.

The Dutch government dispatched four warships and airborne troops after receiving word of increased military activity in the area following a breakdown in U.S.-sponsored negotiations between the Hague and Jakarta.

The Dutch began airlifting an estimated 1,200 troops to New Guinea in DC8 airliners chartered from KLM, the Dutch airline. A planeload of 138 marines left Amsterdam today, and airport circles said one of KLM's two daily flights to New York had been cancelled for the next nine days to accommodate the airlift.

A DC8 transport left the Caribbean island of Curacao Tuesday night with a 70-man unit. Sources said at least six other planes ferrying troops from Amsterdam to New Guinea were to make stops

CENSUS SHOWS BONNEAUVILLE HAS 631 FOLK

The borough of Bonneauville has a starting population of 631, according to a report at Tuesday night's meeting of the Bonneauville Borough Council at the town's fire engine house.

Of the 631 residents of the town, 309 are taxpayers, according to a survey made since the last meeting of council by Mrs. Jane Walter, who represented the borough, and Mrs. Kathryn Smith, who represented Mt. Pleasant Twp. The special census was made to determine the population of the town in order to determine the division of funds, etc., between the borough and the township from which it was formed.

By a 4 to 3 vote the council decided to hire a policeman for the new borough and named Constable Bernard Lemmon as the part-time officer whose hours for work will be set, according to the council action, by Mayor Joseph Clabaugh. Salary of the policeman was set by council at \$1.50 an hour.

VOTE PAY SCALE

Council voted a pay scale for borough officials although all of the town officials are serving without any pay this year. The pay schedule will go into effect next year, with the mayor to receive \$100 a year; each councilman \$5 a month for attendance at meetings; the treasurer will receive two per cent of all money paid out, the secretary \$200 a year and the borough solicitor \$250 a year.

While there will be no pay for the borough officials this year, it was decided to set up the pay scale now to help in determining next year's budget.

The council voted to "pay all bills," using as funds \$1,000 given the borough by the township.

62 FIRE POLICE GRADUATE HERE AFTER COURSE

Sixty-two fire police from 18 fire companies graduated Tuesday night from an eight-session, 24-hour course of instruction in basic police work and were sworn in by County Civil Defense Director William G. Weaver as Civil Defense Auxiliary police.

District Attorney Daniel E. Teeter praised the group at the graduation ceremony in the engine house here, for their interest in undergoing the course and added: "You will find that this is but a beginning. You will be learning more about your duties as policemen as long as you remain police-men. You may sometimes wonder about interpretations of the law, but if you study laws you find that basically they are but common sense guides for the protection of the rights of individuals and the public."

The district attorney and Sgt. David James, commandant of the local subdivision of the state police, praised Gettysburg Police Chief Jack Bartlett, who taught the class, for his "fine work." Sgt. James termed the fire police-auxiliary police. The fire police have proven their value time after time in connection with their regular fire duties. They have proven their value in many other ways. Some time ago a bomber crashed. Fire police were called in as auxiliaries and did a fine job.

TWO GRASS FIRES

A four-year-old was discovered by police this morning at the corner of W. Middle and Baltimore Sts. watching the fire trucks when they responded to a grass fire call along the Harrisburg Rd. near Earle's Inn north of here. The firemen, headed by Assistant Chief Charles Kerrigan, put out the blaze which covered three acres, while policemen interrogated the youngster and found his home.

Gettysburg firemen were called Tuesday afternoon at 4:19 o'clock to a grass fire at the Gorman property on Keckler's Hill. Assistant Fire Chief Charles "Junie" Kerrigan, in charge of the firemen, estimated about six acres were burned over.

The Hamilton Twp. School Board will meet this evening at 8:45 o'clock at the home of the secretary, Mrs. Calvin Bream, to continue discussion of the budget and taxation.

VFW TO ELECT

The Gettysburg VFW will meet this evening at 8 o'clock in its home on E. Middle St. to elect officers for the coming year.

CORRECTIONS

The name of one of the speakers at the meeting of the Kiwanis Club Monday should have been listed as George Louser, of Gettysburg, instead of George Laver. The Times was incorrectly informed of the name. The story listed the length of runway that will be needed if a Class 2 airport is established here as 2,500 feet. It should have been 3,500 feet.

To Tell Sportsmen About Tiger Hunt

"African Tiger Hunt" will be the theme of the illustrated lecture to be presented by H. L. "Bill" Consley at the Littlestown Fish and Game Association banquet. Ladies' Night will be observed at the 26th annual banquet on Thursday at 6:45 p.m. at Banker's Restaurant, N. Queen St.

Mr. Consley, York, has turned his avocation of big game hunting into his vocation. His idea that a hunt should never be repeated has forced him to travel 200,000 miles from Frans-Joseph Land in the Arctic to Mt. Kilimanjaro, south of the equator, and around the world. He also spends some time writing and lecturing

and his stories are published in "Outdoor Life."

Mr. Consley has spoken at banquets of the Littlestown sportsmen in the past. This year he will present the story of Indo-China, its people and fine game animals including the panther, wild boar, guara and royal Bengal tiger in picture and talk.

C.C. SPONSORS
LITTLE LEAGUE
PARADE UNIT

The Littlestown Chamber of Commerce directors voted to sponsor a drum and bugle corps in the annual local Little League parade on Saturday, May 19, at 1:30 p.m. and an exhibition to be performed by this musical group. Little League ceremonies will take place on McSherry Field.

It was also planned to designate the week of May 13-19 as Little League Appreciation Week. As a special bonus during this week to each person who visits one of the Littlestown stores they will be presented with a ticket which will enter them for special cash drawing to be held in connection with the ceremonies at McSherry Field. The Chamber is proud of the Little League and its 12 years of operation and "this is its way of saying thanks to this movement and also to the people who shop in the local stores," a spokesman said. A committee consisting of Carroll E. Arter, Wilmer Dutterer, Ray T. Harner, J. Arthur Boyd, Melvin L. Houston and President Marvin F. Breighner was appointed to contact all the business places and explain this program.

RECORD MEMBERSHIP

President Breighner presided for the session held in the directors' room of the Littlestown National Bank. Secretary Albert J. Bair announced that the Chamber has 103 members to date, which is an all-time high for Littlestown.

It was also noted that Robert J. Stonestier has been appointed to represent the Chamber on the Community Center board with Secretary Bair as alternate.

Melvin Houston, chairman of the civic improvement which met last week, reported for the committee. They recommend that the merchants place benches at various locations throughout the business section of town, for the convenience of townspeople and visitors; also that the borough council be requested to begin again to clean the streets of the community. This was discontinued during the winter months and the streets are now in dire need of cleaning. It was also requested that council be contacted with regard to correcting the road condition so that people who park their cars in the business district will be able to open their car doors with ease. These recommendations were approved by the directors and have been presented to council for action.

J. Arthur Boyd was requested to get prices for the erection of a bulletin board near the square where public service notices could be posted and he will report his findings at the next meeting. Secretary Bair was asked to send questionnaires to all the business places regarding employment and weekly payrolls, to be kept on file for reference purposes. It was also noted that the ground-work has been laid for the 100th

SIX INDUCTED
BY EXPLORERS
MONDAY NIGHT

Six Scouts, Francis Redding, William Prosperi, Jon Prato, Charles Everhart, William Elme and Larry Altoff, were inducted into Explorer Post 84 at the weekly meeting Monday evening. This was the first meeting in the newly assigned room in the Community Center, which the post is in the process of redecorating.

The induction ceremonies were conducted by Explorer Paul Bowman and included: Opening pledge to the flag; an explanation of the Explorer emblem and motto "Our Best Today for a Better Tomorrow" by Explorer Bowman and Associate Post Advisor Wayne R. Miller; reading of the Explorer code by the new candidates; reading of the citizenship pledge by President Thomas Shildt; administering of oath by Post Advisor Stanley Frock and of the pledge by Wayne Miller; acceptance of signatures of new candidates in the manual; welcome to the unit by the post advisor and closing prayer. Parents of the new candidates were in attendance. Parents and Leaders Guidebooks were presented to parents of the new Explorers.

PLAN 2ND TRIP

The business meeting of the Explorers followed in charge of President Shildt. It was announced by Paul L. Hollinger, of the Black Walnut District staff, that the annual spring camporee of the district will be held this year at the Littlestown Fish and Game Farm. Explorer William Ritter, who was in charge of arrangements for post members who joined the excursion to Philadelphia on Saturday, gave a resume of the trip. It was decided to take a second excursion trip on Saturday, April 7, to New York City. The group will leave from Lancaster by train at 7:30 a.m. The post members voted to have the unit pay half the cost of the trip for those who participate, leaving a cost of \$6.75 for each Explorer to pay himself. Explorers may invite their parents or other guest to accompany them on the excursion, but with the understanding the guests pay the entire cost.

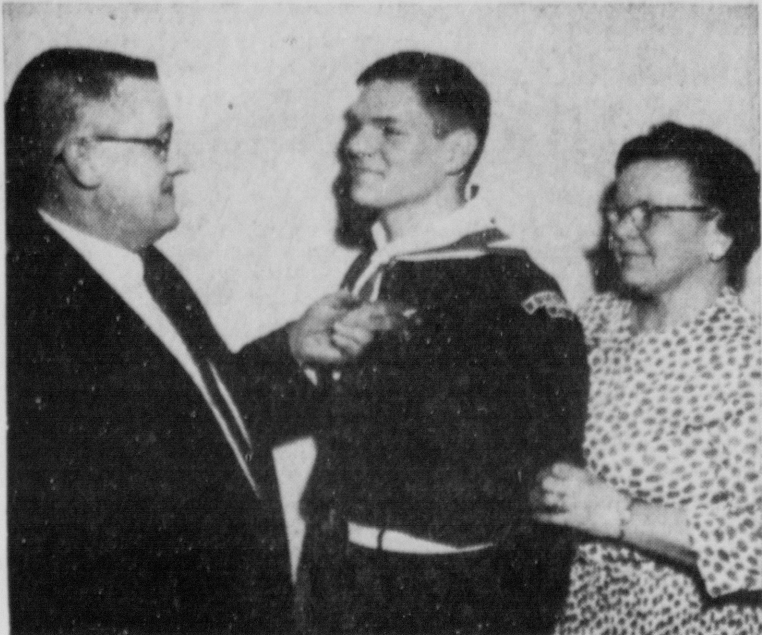

Associate Advisor Charles Mummert spoke concerning the planned trip to Canada and announced that definite dates for the trip will be June 16 to 30. Several drivers are already engaged; arrangements have been made for the tours and work will continue. The tentative cost per Explorer will be \$15. To be eligible each youth must earn two merit badges before trip dates.

The post will sponsor record hops on Saturday of this week when Steven Study will be chairman in charge, and also on April 14 and 26.

GIVE TENDERFOOT PINS

The post advisor thanked the group who had helped with the work thus far for the meeting room, especially the chairman, Associate Advisor Lee Krout, and announced a work detail for tonight at 6:30 o'clock to complete

and Mrs. Alvin J. Graft, W. King St. Extd.

Wayne Schwartz, Biglerville, shown with his parents, Mr. and Mrs. Ross Schwartz, received the Eagle Scout award at the annual parents' banquet of Biglerville Troop and Post 71 Tuesday evening at the United Church of Christ, Biglerville. Wayne, a 1960 graduate of Biglerville High School, is a second-year student at York Junior College.

Jere D. Lady, Gettysburg R. 4, who was awarded the God and Country award at Bender's Lutheran Church on Boy Scout Sunday, is shown with his parents, Mr. and Mrs. Donald E. Lady. Jere, a member of Biglerville Explorer Post 71, is a sophomore at Biglerville High School.

the few odd jobs still remaining to be done. The meeting concluded with the group reciting the Explorer code. There will be a game session in the basement room at the meeting next Monday. James Bowersox will be in charge. A leader's meeting will be held at the same time.

Twelve Boy Scouts received their Tenderfoot pins at an investiture conducted by Scoutmaster Edgar A. Wolfe at the weekly meeting of Troop 84 on Monday evening at the Community Center. Tenderfoot pins went to Bruce Hoffman, Eugene Bittle, Robert Collins, Christopher Sentz, John Bowman, Terry Redding, James Redding, Raymond Miller, Steven Snyder, Dennis Wastler, Gary Wolf and Robert Ritter.

Scoutmaster Wolfe announced that the troop is invited to attend the program following the spring banquet of the Littlestown Fish and Game Association on Thursday evening at Banker's Restaurant, N. Queen St. H. L. "Bill" Consley, York, will give an illustrated lecture on Indo-China, its people and game animals. Scouts who will accept the invitation are asked to meet in uniform at the Scout room at 7:45 p.m., and they will walk to the banquet hall. Weekly gatherings of the troop during the Lenten season are held on Monday at 7:30 p.m.

MISS PORTER TALKS

Girl Scout Troop 777 met on Tuesday after school at the engine house and spent time working on food badge requirements. All food badge notebooks must be completed by the final session of the troop on April 24; the regular meeting will be held next Tuesday after school.

Troop 763 joined with Troop 777 and Miss Judy Porter, executive of the Penn-Laurel Council, spoke to the members of the two troops about the new Senior Scouting program, and its seven specialized fields. It is not necessary for a girl to have been a Scout previously to participate in the Senior program. Girls 14 years of age to

INTO EARLY MORNING

Edwin Kann, of the Adams Electric Cooperative, appeared before the council at its request to explain methods of financing installation of a sewer and water system in the new borough. Kann outlined the various federal and state agencies that can assist in plans for such work and funds that may be available in planning and construction from the various agencies.

Council also discussed the possibility of establishing a 35-mile-per-hour zone for town streets. The possibility of an ordinance regulating junkyards in the borough was discussed with no action taken.

The council session ended at 12:30 o'clock this morning.

this larvae, which produces adult flies every eight to twelve days, and they become most active in late afternoon when the temperature drops, or under fairly high moisture content, and they like shade. He suggested the following controls: 1. Elimination of breeding places, fermenting material; 2. Early and frequent picking of tomatoes; 3. Careful handling and clean baskets; 4. Baskets or trucks full of tomatoes not to be left in fields overnight. He discussed various chemicals which might be used as sprays and said that his department had been studying this Drosophila for more than two years.

DEFINES CONSUMER ACT

LeRoy V. Strasburger, of Strasburger and Siegel, Inc., analytical and consulting chemists and bacteriologists of Baltimore, defined the Food and Drug Administration Act passed in 1938 as a "consumer act" meant for the protection of the consumer and not to harass the processor. He said "the presence of eggs and larvae may indicate that the tomatoes are not fit for consumption, or that the plant was operating under unsanitary conditions. The processor has to get the best possible methods for good tomatoes and the growers have to have clean fields and handle the tomatoes with care in order to get the best possible tomatoes to the processor." He said that the Food and Drug Administration has more inspectors in the fields now than ever before.

The following 1961 growers were listed as having high grades, over 10 tons per acre: Mrs. Rae Dear-dorff, George Irvin and Eugene Kimple, all of Orrtanna R. 1, John H. Rexroth, Red Lion R. 2 and Terry Sheaffer, Biglerville R. 1.

President Hauser in making the awards said, "Growers have a responsibility in helping us pack a tomato juice that is acceptable as to price and quality and satisfies the Food and Drug Administration. When shipments are seized in any part of the country for having too many Drosophila eggs in the contents it means not only a financial loss to the processor but the unfavorable publicity hurts sales by making the consumer shun the product."

Meanwhile he had traveled in most of the countries of Asia.

INTERVIEWED LEADERS

During World War II and subsequently he covered events and interviewed leaders in East Asia, India, Russia, the Middle East and Western Europe.

His war-time conversations with President Franklin Roosevelt, included in his reminiscences in "Journey to the Beginning," contain one of the few accounts of the President's thinking about certain key questions in China and East Asia.

Returning to Red China for five months in 1960, Snow traveled from Peking to the Siberian border, from Dairen and East China to Inner Mongolia, to the West and Southwest, including areas barred to most visitors from non-Communist countries. Altogether he saw 19 of China's 22 provinces and 19 principal cities. On farms, in factories, communes, hospitals, schools and in various construction projects, he studied all aspects of New China — inside and out.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY-FIVE YEARS AGO
Special turkey dinner 75 cents
Easter Sunday, also roast chicken and other meats. Mrs. Smith's Restaurant, Chambersburg St.

State Approves New Courses At 3 High Schools: New courses will be added to three Adams County High Schools as the result of recent action taken by the state department of public instruction at Harrisburg. Approvals have been received for the installation of an agriculture course at Gettysburg High School and for agriculture and home economics at both Biglerville and Littlestown high schools.

The Biglerville post office will move this evening from its present quarters on South Main St. to the Walters building directly across the street, O. N. Nary, postmaster, announced today.

Directors For YWCA Are Announced: At the annual membership dinner meeting held at the Y building the following directors were elected: Gettysburg, Mrs. A. A. Hughes, Mrs. R. D. Wickerham, Miss Margaret Myers and Mrs. Mervin Bream; Arendtsville, Mrs. Clair Taylor and Mrs. Lloyd Garretson; Biglerville, Mrs. Clayton Jester and Mrs. U. S. Klinefelter; Fairfield, Mrs. E. H. Slaybaugh and Mrs. Leroy Sheards; York Springs, Mrs. H. B. Pearson and Mrs. A. P. Myers. Mrs. C. F. Sanders, president, presided and a vocal solo was presented by Mrs. C. T. Zeigler.

Preparations are being made for the closing of CCC Camp No. 1, along West Confederate Avenue on the battlefield, with the transfer of the company of 105 enrollees next week. Camp No. 1 here is being closed with six other CCC camps in the state, leaving 90 camps in operation. No information is available as to what disposition will be made of the building at Camp No. 1.

Spring And Summer Styles: A variety of heel styles will be offered. They include beige or natural-colored built-up heels, triangular heels, high heels made of rubber and several individual pegs instead of a single solid block. New broad-brimmed panama hats have crowns that are fluted across the top much like a permanent wave. Taffeta petticoats are among the most popular items in many Manhattan lingerie shops. Made of plain, plaid and floral-patterned materials, most of them have at least one row of ruffles at the bottom. Pleats, little ones, medium-sized ones and wide ones — mark many of the season's dresses as strictly 1957. As a result the sunburst skirt silhouette rank at the top in popularity.

Mr. and Mrs. Jay D. Johnson have moved from 16 Baltimore St. to their cottage opposite Piney Mountain Inn, Fayetteville R. 1.

Lincoln's Son Widow Is Dead: Mrs. Robert Todd Lincoln, 90-year-old widow of Abraham Lincoln's son, died at her home in historic Georgetown. Since the death of her husband in 1926, Mrs. Lincoln has contributed to the Library of Congress all letters and papers of President Lincoln in her possession. In 1929 she donated a Lincoln memorial tower to the New York Avenue Presbyterian Church where President Lincoln worshipped in Washington. She also presented to the White House a picture of Mrs. Abraham Lincoln. Mrs. Lincoln is survived by two daughters, Mrs. Charles Isham and Mrs. Robert J. Randolph, both of Washington, and three grandchildren. A son, Abraham Lincoln 2nd, died in England. She will be buried at Arlington Cemetery after private funeral services.

Present Six-Foot Ladder: A piece of useful equipment was presented to the Gettysburg Fire Company by Gene Sickles, a member, when he turned over to the company a six-foot chimney

Today's Talk

A LITTLE NONSENSE

The two indisputable facts of this life are that we were born and that we shall die.

We don't bother much about the fact that we were born, excepting that the further we get from that birth date, the less we are given to talking about it. But the nearer we get to the other end of life, even less do we want to talk about it. Though, to my mind, this should not bother at all.

But there remains one fairly settled fact, that is that most of us take ourselves too seriously. And, of course, this spreads to life itself, so that we often wind ourselves up and get stiff and sour and quite unbearable.

Here's where the little nonsense comes in. Everyone of us should get foolish every once in a while. Go out and play ball with the small "kids," even take to a game of marbles.

There are a thousand ways of being foolish and nonsensical. Choose your favorite! But climb off your dignity horse and romp among the boys and girls in wholesome fashion. Read a good detective story. Do something for no reason in the world except to relieve the tension under which you work or live.

Never mind what other people think or say. There is no one in all this world so concerned about your life as you yourself. Be yourself!

It is all very well to be strenuous and to put your head and heart into everything you do, but to be too serious all the time is as bad as the athlete's getting his muscles all bound up through too much strain.

He was a very wise man, whoever he was, who said:
"A little nonsense now and then is relished by the wisest men."

Tomorrow Mr. Adams will talk on the subject: "Castle Builders." Protected, 1962, by The George Matthews Adams Service

Just Folks

ACCIDENT

I was in health when I arose
And all the world seemed fair;
But strangely no man living
Knows
How near are pain and care,
Nor just what trifle shall dispose
Of joys he plans to share.

Quitting my room I should have said
A carefree man am I,
With breakfast done I'll push ahead
With men who sell and buy;
There is no danger near to dread,
Nor grief to cause a sigh.

But as I trod the bottom stair
I felt a twinge of pain;
Disaster caught me unaware,
And all my plans were vain.
I fell — now in an easy chair
I nurse an ankle strain.

I was a well man when I rose,
And viewed the coming day
As wholly mine from dawn to close,
But here at home I stay,
Which only proves that no man
Knows
Hit fate one hour away.

JR. KENNEDYS GIVEN TREAT AT RINGSIDE

By RAYMOND J. CROWLEY
WASHINGTON (AP) — If the supply of popcorn and sugar cotton candy is a bit depleted at the greatest show on earth today, there's a reason. A small army of junior Kennedys saw the circus Tuesday.

It being a balmy March day, Atty. Gen. Robert F. Kennedy took 14 small fry to the Ringling Bros. Barnum & Bailey show at the Washington Coliseum.

You never saw such conspicuous consumption of everything from hot dogs to soft drinks. The loot the youngsters carried home—in the form of pennants, clowns-on-sticks, baby turtles and plumed hats—could hardly fit into the limousines.

OTHERS ATTENDING
The 14 children were not all the attorney general's, of course. He has only seven, who were all there, from Kathy, 11, to Mary Kerry, 2. There were some nieces and nephews, Bobby Shriver, 7, Maria Shriver, 6, and Timothy Shriver, 3. Also—outside the family ranks—Kathy Fay, 14, and Sally Fay, daughters of Undersecretary of the Navy Paul B. Fay Jr. Also Francis Ormsby Gore, 8, and Alice Ormsby Gore, 9, children of the British Ambassador, Sir David Ormsby Gore.

The attorney general could not have managed the safari single-handed. Strong man though he may be, he would have broken down without the presence of his wife, Ethel, and his sister, Mrs.

WILL SERVE POLIO VACCINE WITH A SPOON

By HARRY KELLY

WASHINGTON (AP) — Children, and adults, too—will soon be able to get protection against all forms of polio by the spoon as well as by the needle.

The way was cleared Tuesday when the government approved production of Type III oral polio vaccine for general use—the last of the series of vaccines given by mouth needed for protection against all three kinds of polio.

"We now have two effective vaccine weapons to fight this disease: the killed vaccine developed by Dr. Albert Salk and the live oral vaccine prepared from strains developed by Dr. Albert Sabin," said U.S. Surgeon General Luther L. Terry.

He called it "another step forward toward final conquest of paralytic polio."

ISSUE LICENSE
Types I and II of the oral vaccine were licensed last year by the Public Health Service but were not recommended for general use because without Type III they did not offer what health officials call complete protection. Persons using the oral vaccine would have to take all three types.

Licenses for manufacture of Type III were issued Tuesday to two manufacturers—Pfizer, Ltd., of Sandwich, England, and Lederle Laboratories of Pearl River, N.Y.

The Salk vaccine—injected by needle—protects against all three strains.

WEAKENED VIRUSES
The oral, or Sabin, vaccine is made of weakened living polio viruses. The Salk vaccine contains killed viruses.

Surgeon General Terry said, "Individual physicians and health officers will decide which of the two vaccines to use on the basis of their own appraisal of the special factors of their own practice or the circumstances within their own health jurisdictions."

Availability of the vaccines may be the determining factor, said Terry. The Salk vaccine is being turned out at a rate of 5 million to 6 million doses a month. Terry said it was too early to say when the oral vaccine will be produced in large quantities or how soon it will appear in substantial amounts in local outlets.

WALL STREET TO GET NEW PRESIDENT

NEW YORK (AP) — Edwin D. Etherington, 37, a broker who served as special counsel to a reform committee that investigated the American Stock Exchange, will become president of the Wall Street institution Sept. 4.

He was elected unanimously by the board of governors Tuesday to succeed Edward T. McCormick, who resigned under fire last Dec. 11 after the Securities and Exchange Commission brought forth charges of trading irregularities on the exchange.

As president, Etherington will have the job of carrying out various measures recommended by the reform committee to remove what the exchange commission described as manifold and prolonged abuses of trading rules.

\$80,000 A YEAR
Etherington is a partner in Pershing & Co., a member of both the New York and American exchanges. Before joining Pershing in January 1961, he had been a vice president of the New York Stock Exchange since 1958.

Edwin Posner, 71, chairman of the American Exchange, will continue as president pro tem until Etherington takes over. Etherington will get \$80,000 a year with a five-year contract.

McCormick, who had served as president for 10 years at \$75,000 a year, submitted his resignation before the commission issued its final report on the American Exchange investigation. The probe began in early 1961 after a father and son team—Gerard A. and Gerard F. Re—had been expelled for trading irregularities.

Although McCormick was never charged with any wrongdoing, he and other officials were widely criticized for not enforcing the stock trading rules more vigorously.

WANTS KETCHUP

Mary Kerry so smeared her face with sugar cotton candy that mother Ethel found dry cleansing tissue wholly inadequate for the mop-up. She had to go out to the hot dog stand and ask the man to wet some tissue.

Most successful stow-away of popcorn was Bobby Kennedy, 8, who had a handicap to surmount. Two of his fingers were in splints; he confided that he had busted them falling out of a hayloft at home in McLean, Va.

The epicurean of the bunch turned out to be Maria Shriver. Looking distastefully at her hot dog, she kept hollering, "Mommie, where's the ketchup?"

HEROD

"Now Herod the tetrarch heard of all that was done by him: and he was perplexed, because that it was said of some, that John was risen from the dead."

—Luke IX:7

When Pilate heard that Jesus was from Galilee, which came under the jurisdiction of Herod Antipas, he sent Him to Herod to be tried.

But the tetrarch, who already had the beheading of John the Baptist on his conscience, wanted nothing more to do with prophets, and sent Jesus back to Pilate.

Both Biblical and secular history leave no doubt as to Herod's wicked character.

He was a son of Herod the Great by one of the latter's five wives, Cleopatra, a native of Jerusalem. Reared amidst the intrigue of a corrupt court, he began his ruthless career at 17, when Augustus Caesar gave him as his share of his father's estate, the greater portion of Galilee.

When Tiberius Caesar became Emperor, Herod journeyed to Rome, where he sought to ingratiate himself with the ruler by offering his services as an informer, spying upon his own brothers, as well as upon Roman officials in Judea.

Although he was already married to the daughter of the Arabian king Aretas, during his voyage to Rome, he fell in love with Herodias, his niece by one brother, and the wife of another, and persuaded her, together with her daughter, to accompany him back to Galilee upon his return.

His first wife heard of this agreement even before he returned, and escaped to her father's court. The Arabian king then made war upon Herod Antipas, and defeated him.

When John the Baptist also condemned Antipas for his incestuous union, Herodias persuaded the tetrarch to have John imprisoned, then, through her daughter, to have him beheaded.

After the death of Tiberius, Herod Antipas was sentenced to banishment by the new Emperor, Caligula, who had given a ready ear to accusations against Antipas, brought to Rome by the tetrarch's nephew, Agrippa Herod.

The manner of his death is not known, but the ancient Jewish historian, Josephus, indicates that he spent his last days in Spain.

He had ruled over Galilee for 43 years.

BLIND DOCTOR LIKES BRIDGE

LEXINGTON, Ky. (AP) — Dr. Arthur M. Dye brought his own cards with him to the national spring tournament of the American Contract Bridge League. They are marked.

In the corner of each card are two markings—in Braille—to denote the suit and value of the card. Dr. Dye is blind.

His handicap has some drawbacks, he says, such as making it necessary for those who play at his table to call out the suit and value of each card they play. But it has advantages, too.

"I don't have distractions," he quipped, "even if a pretty girl walks by the table, I don't have trouble keeping my mind on the game."

FATHER OF TWO

Dr. Dye is an osteopathic physician at Charlotte, N.C., but notes that his practice "sometimes interferes with my bridge a little bit."

He attends the national tournament every year, he says, and plays in "six or eight or 10 or 12—I've never counted — tournaments annually."

To each tournament, Dr. Dye, a life master at the game, brings 72 specially marked decks. Fellow players find the cards slightly thicker than normal playing cards, but Dr. Dye said he has had no complaints about them.

Dr. Dye, 65, is the father of two boys and the grandfather of three. He hasn't done well in the tournament here, he said, "but it isn't over until next Sunday and there's plenty of opportunity here yet."

TRAFFIC IS RESUMED
CORY, Pa. (AP) — Railroad traffic resumed on tracks of the Pennsylvania Railroad and the Erie-Lackawanna Railroad near Lovells about three miles southwest of here.

The tracks were blocked Monday by a derailment of 25 cars from a 125-car PRR freight train. No injuries were reported. Traffic was re-routed or delayed while workmen cleared the tracks.

In 1961, Eddie Arcaro's mounts won the most money during the New York racing season — \$1,303,844. Johnny Rotz won the most New York races, taking 157 at Aqueduct, Belmont and Saratoga.

New Regulation On Dairy Cattle

HARRISBURG (AP) — Starting Sunday, health reports will be required for all dairy cattle being shifted to new herds, reminds the State Agriculture Department. It is imposing the new regulation in an effort to check livestock disease.

Department aides said the reports must show that an animal has had both a negative blood test for brucellosis and a negative test for bovine tuberculosis within 12 months of the proposed change to a new herd.

Reservist Gets 6-Month Sentence

FT. POLK, La. (AP) — A Texas reservist, convicted of disrespect after leading "we want out" demonstrations by troops, began a six-month sentence at hard labor in the stockade of this sprawling military post today.

Pfc. Bernis Owen of Seadrift, Tex., drew the maximum penalty from a five-officer court-martial Tuesday. He also was fined \$50 per month to be taken from his \$124 monthly pay for six months. The conviction will be reviewed automatically. Owen's defense counsel later may request further review by higher commands.

Owen, 23, had been enrolled at the University of Texas for one month when he was recalled to active duty during the Berlin crisis last fall.

The reservist was charged with criticizing publicly an order halting protest meetings by reservists seeking release from duty. The order was issued by Maj. Gen. Harley B. West, commanding officer of Ft. Polk and the 49th Armored Division. West is a reservist himself.

CATHOLICS TO INTEGRATE ALL THEIR SCHOOLS

By ED TUNSTALL

NEW ORLEANS, La. (AP) — Roman Catholic schools in the New Orleans archdiocese will be desegregated next fall.

The Rt. Rev. Msgr. Henry Bezou, superintendent of the 75,000-student archdiocesan school system, read the announcement from Archbishop Joseph Francis Rummel Tuesday night.

The statement did not use the words Negro or desegregation. It said merely that "effective at the time of registration for the 1962-63 school session, all Catholic children may apply for admission to the Catholic schools of the archdiocese according to accepted educational standards."

Registration dates for all Catholic schools were set for April 13-14.

SEVERE REACTION

State Sen. E. W. Gravolet said the announcement "may have a severe reaction from a segregated-minded legislature."

Gravolet, a Catholic himself and vice chairman of the joint legislative committee on segregation, predicted a "mass boycott will greet the integration" of Catholic schools in the city.

There were reports earlier that the archbishop, who termed segregation morally wrong and sinful in a pastoral letter in 1956, had decided on the desegregation move.

A handful of pickets paraded in front of the archbishop's residence during the afternoon. They carried signs indicating the Bible preached the doctrine of segregation.

MORE ORDERLY

The city's 93,000-pupil school system was desegregated under federal court order in November 1960. Name-calling, police restraint lines and street gatherings that reached near-riot proportions greeted the integration of William Frantz and McDonogh No. 19 schools.

Last fall, the start of classes was far more orderly, but only 12 Negroes are enrolled in six white schools.

Msgr. Bezou said there were 7,254 Negroes in the archdiocese's 15 elementary schools and another 1,724 in the three Negro high schools. Among the 1,100,000 persons in the area the archdiocese covers, there are 547,000 Catholics.

Yates Lone Repeater On All-State Squad; Four Countians Get Mention

By FRED WALTERS
HARRISBURG (AP) — Two youngsters who sparked their teams to the PIAA class A state final head the selections to the 1962 Pennsylvania Associated Press All-State scholastic basketball team.

One of them is Uniontown's Don Yates, a 6-foot-2 senior making the first team for the second year in a row.

The other is 6-foot-8 Jim Williams, Norristown's stellar pivotman whom one top college coach has compared with Wilt (The Stilt) Chamberlain of high school, college and professional basketball fame.

Also chosen in the annual poll of sportswriters and sportscasters throughout the state were Jack Martin, 6 feet 5 1/2, of Farrell; Jeff Neumann, 6 feet 1 1/2, of Altoona, and Dick Graul, Reading's 6-foot-4 scoring leader.

All are seniors.

These five topped a list of 37 top schoolboy players chosen for All-State recognition.

SECOND TEAM

On the second five are Steve Vandenak of Scranton Prep, Don Cartwright of Norristown, Joe Shupela of Nanticoke, Larry Miller of Catawissa and Fleming Reynolds of Pittsburgh Fifth Avenue.

Miller is only a sophomore but led Catawissa to the eastern final a week ago.

Chosen for the third team were Charlie (Pete) Coleman of Darby, Don Appleman of Williamsburg, Don Rodenbach of Bethlehem, John Harbison of Mercer and Ron Sejac of Uniontown.

Coleman and Appleman were the top point getters among the Class B and C schools players. Harbison's team met Coleman's team last Saturday in the class B final. Williamsburg, a Class C school, was eliminated in the District 6 playoffs.

The first five would give the coach of this mythical squad a top selection of rebounders, playmakers and sharpshooters.

Williams, Yates and Martin averaged between 20 and 21 points a game.

Although Martin was the tallest man on the Farrell team, coach Eddie McCluskey used him out side all season where he proved a deadly shot.

Graul, who averaged 18.4 points per game, Yates and Williams each earned reputations as top rebounders.

GOOD PLAYMAKERS

The versatile Yates also proved himself a capable playmaker for the Red Raiders. That was Neumann's specialty for Altoona District 6 Class A champions. He averaged 11.6 points per game.

All five youngsters have been showered with college offers.

Yates has shown a leaning toward Ohio State among the colleges expressing an interest in his future.

Harry Litwack of Temple is the coach who compared Williams to Chamberlain, who was an all-star at Philadelphia Overbrook, All-America at Kansas and all-pro with the Philadelphia Warriors.

Martin has proven himself as talented in the classroom as on the basketball court. He's known as a wizard in math class and is a valdicatorian of his class.

Graul is given credit for Reading's strong bid this year for the Central Penn League championship. The school came along strong in the second half of the league, one of the toughest in the state, but bowed to York in a playoff for the season title.

MAY BECOME BULLET

Neumann appears headed for New York University, North Carolina State, Gettysburg or the University of Pennsylvania.

Among the 37 boys chosen for the 1962 squad were 24 from Class A schools, 10 who played in Class B and three from Class C.

Alternates:

Jim Reed, Richland Twp.; Phil Albert, East Conemaugh; Steve Carter, Williamsport; Hubie Marshall, Coatesville; Denny Cavalier, Brockway.

Job Bennett, Mount Lebanon; Lynn Nelson, Westerville; Charlie Schmaus, Ford City; Tony Relvas, Easton; Ross Welsh, Spring Grove.

Chuck Pickens, Meadville; Willie Kinnard, Erie Tech; Tim Wisler, Hempfield (Lancaster County); Dave Brown, Edgewood; Jim Coyne, Harrisburg; Bob McDevitt; Ted Crary, Springfield (Delaware County).

Jim Santelli, Ellwood City; Len Zarjdy, Altoona; Bishop Guilfoyle; James Kinsler, Emporium; Norb Ryan, Pocono Mountain; Jack Morgan, Jim Thorpe; Aldon Lawson, Pittsburgh Fifth Ave.

HONOR COUNTIANS

Regional honorable mentions in District 3 include four from Adams County schools, Jim Livelsberger and Jim Weaver, both of Delone Catholic; Bill Sanni, Biglerville, and Craig Hoke, Bermudian Springs.

Others from District 3 include Jack Mull and Jeff Martin, Chambersburg; Dick Loy, Russ Zuck, Mike Oiler and Jeff Hovis,

TV Lark Will Race At Laurel

LAUREL, Md. — TV Lark, winner of the 1961 Washington, D.C. International, is scheduled to be shipped to Laurel race course next week and probably will make his first start this spring in the \$25,000 added Laurel handicap Saturday, April 21, officials here learned today. Laurel opens Saturday at 1:30 p.m.

"We're going to van TV Lark to Laurel from Aiken, S.C., sometime next week, probably arriving on the 7th," Preston Madden, head of the syndicate that owns the winner of \$83,479, said from Hamburg Place, near Lexington, Ky.

Grove Schedules Four Midget Races

WILLIAMS GROVE — Four programs for the midgets have been planned by Bob Richwine, owner of Williams Grove Speedway.

Sanctioned by the American Racing Drivers Club in cooperation with United States Automobile Club, the 110-cubic inch Offenhausers will make their first appearance at "The Grove," Sunday, May 27, for a six-event program including a big 50-mile feature attraction.

The midgets will make three return trips to central Pennsylvania's speedway later in the season. Sunday afternoon events have been scheduled for July 15, August 5 and September 9.

WARREN SPAHN NOT TOO OLD FOR THIS YEAR

By JOE REICHLER
Associated Press Sports Writer
CLEARWATER, Fla. (AP) — The Milwaukee Braves have a slogan this year. It is "something new in '62."

Warren Spahn, who will be 41 next month, likes to remind people of the slogan.

"Do you think they were trying to give me a hint?" he laughed. The baseball world knows of the brilliant left-hander's mound accomplishments last year, his 16th with the Braves. For the benefit of those who do not, Spahn's record was 20-10, with a 2.30 ERA.

Sharing this belief, and determined to point it out to the old "mongoose," is a giant Argentine heavyweight, Alejandro Lavorante at 25 years in years and practically an infant in ring experience. Lavorante and Moore are slated to debate the matter, in 10 rounds or less, Friday night in the Sports Arena.

The match means much to both men. It has also stirred up considerable agitation here. The promoters, Cal Eaton and George Parnass, look for 16,000 people to pay \$100,000 to watch.

Alex, as his friends call him, stands a trim, wide-shouldered 6-foot-4, some five inches taller than Archie. He will weigh about 210, perhaps 15 or more pounds heavier than the pride of San Diego.

Better still, he can punch, as 15 of his opponents discovered.

WARNER GIVEN PHILLY AWARD

PHILADELPHIA (AP) — "They're the ones I have to pay a tribute to," said Villanova basketball coach Jack Kraft, referring to his team, as he received a trophy Tuesday night from the Philadelphia Sportswriters Basketball Club as eastern coach of the year.

"To receive this award at any time in my career would be a great honor," said Kraft. "Receiving this in my first year of college coaching makes me feel humble."

Hubie White, star of the Villanova team which finished with a surprising 21-7 record and went to the finals in the eastern regional of the NCAA tournament, was awarded the Robert Geasey Memorial Trophy as the district's outstanding college player.

OTHER AWARDS

Ron Warner, Gettysburg star, received the Harry Merrill award as the season's outstanding visiting player.

Named as the outstanding player in the National Basketball Association was Wilt Chamberlain of the Philadelphia Warriors, who could not be present because of a playoff game against Boston. He will receive the Eddie Gottlieb Award as the pro player of the year Saturday during halftime of the Warriors-Celtics game in Convention Hall. Earlier Tuesday Chamberlain was named to the NBA all-star team, beating out Bill Russell of Boston.

The NBA rookie of the year award went to Walt Bellamy of the Chicago Packers.

Jim Phelan, coach of Mt. St. Mary's College's NCAA small college basketball champions and a graduate of LaSalle College, Philadelphia, was among the coaches honored.

Bob Hulton, Gettysburg College coach, also was a guest at the banquet.

MONTREAL AND TORONTO 1ST GAME WINNERS

By THE ASSOCIATED PRESS

The Montreal Canadiens and the Toronto Maple Leafs each held 1-0 leads in the Stanley Cup hockey semifinal series today — but neither was doing any crowing.

The Canadiens, out to regain the cup they lost to Chicago last year, whipped the Chicago Black Hawks 2-1 in Montreal. The Maple Leafs turned back the New York Rangers 4-2 in Toronto Tuesday night.

The second game of both series is scheduled for Montreal and Toronto Thursday night. Then the action moves to Chicago and New York for the next two games.

NOT SATISFIED

"I'm far from satisfied at our performance," said Montreal Coach Toe Blake. "We can play better. We were fooling around with the puck when we should have been passing and shooting."

The Canadiens did have a rough time, especially with Chicago goalie Glenn Hall. They were completely frustrated for the first two periods.

Coach Rudy Pilous pointed out that the Hawks also lost the first game last year, but came back to win the series.

Maple Leaf coach Punch Imlach echoed Blake.

"The Rangers played well and we're going to have to play better if we hope to stay in it," he observed. "We didn't play half as well as we could. They checked as well as any game they ever played against us."

BERMUDIAN AGAIN BOWS TO BUBBLERS

The Bermudian Springs High School baseball team suffered its second loss at the hands of Boiling Springs (3-1) Tuesday when it dropped an 11-4 verdict on the loser's diamond at York Springs.

A home run by Ken Sholter with one on highlighted a four-run third inning for the Bubblers. All of the Bermudian scoring was packed into the sixth inning.

Nine bases on balls given up by Bermudian hurlers made the victory comparatively easy for the Bubblers.

Bermudian, now 0-2, will meet Delone Catholic of McSherrystown at York Springs Thursday afternoon at 4 o'clock.

Lehigh Completes Football Staff

BETHLEHEM — The appointment of Frank Shields as freshman football coach and the promotion of two other coaches completes Lehigh's football staff for 1962, in an announcement made today by William B. Leckonby, director of athletics.

Shields, whose appointment is effective July 1, has been head coach of football, wrestling and lacrosse at the Manlius School, Manlius, N.Y., for two years, and was previously head coach of football and lacrosse at Watertown (N.Y.) High School from 1957-60.

As freshman coach, Shields succeeds Ralph A. Jellic, a native of Pittsburgh and former football star at the University of Dayton and the University of Pittsburgh. Jellic, who joined the Lehigh staff in 1961, will coach the varsity ends and linebackers.

In other the promotion, and coach C. Harry Bush moves up to line coach succeeding "Mike" Cooley, Lehigh's new head football mentor. Bush had coached at Dickinson, Hofstra and Boonon (N.J.) High School before joining the Lehigh staff last year.

NICKLAUS AND HOGAN MAKE GOOD TWSOME

By WILL GRIMSLEY
Associated Press Sports Writer

NEW YORK (AP) — A good parlay in next week's Masters Golf Tournament, says Fred Corcoran, is 49-year-old Ben Hogan and 21-year-old Jack Nicklaus.

"Hogan is playing beautifully," the tournament director of the International Golf Association said today, after watching the final round at Miami. "He really looks like the Hogan of old. And that boy, Nicklaus—his power scares you."

Corcoran, the man credited with building the PGA tour into a million-dollar enterprise, watched most of the game's present greats take their swings last weekend in the Doral Invitational.

"From tee to green, Hogan is still the greatest golfer in the world," the thick-necked executive, a onetime Boston caddy, said. "For 18 holes, I'd match him against anybody. Unfortunately, his putting lacks the authority of his heyday."

GOOD COMPETITOR

"The six and eight-footers don't drop for Ben the way they used to. It's not the legs that go first in this game. It's nerves, and putting ability. But Hogan is a tremendous competitor and a marvelous golfer. He could win another Masters—and another Open."

"Young Nicklaus is very impressive. I saw him hit the green with a 7-iron on his second shot on a 550-yard hole. He is strong as a mule, is loaded with confidence and has only one problem that I can see—weight. He may be inclined to get fat."

Hogan, in his first tournament start of the year, made an impressive showing at Miami, firing rounds of 74-72-71-69 for 286, and a tie for fourth place. Nicklaus was a stroke better at 285. The title was won by Bill Casper Jr., with 283.

Endymion Choice In Aqueduct Race

NEW YORK (AP) — As far as trainer Syl Veitch is concerned, if Endymion is going to rate a trip to Louisville for the Kentucky Derby, today offers as good a chance as any to start proving it.

Endymion is the 8-5 favorite in the first division of the Bay Shore Stakes at Aqueduct, a one mile fair for 3-year-olds. The race was split into two sections when 18 horses entered. Green Ticket, winner of last week's 6-furlong Swift Stakes, heads the second division, and is the 7-5 choice.

Both are eligible for the derby, Preakness and Belmont in the triple crown. Endymion, owned by George D. Widener of Philadelphia and New York, carries 111 pounds and will be ridden by Jim Nichols. Adele L. Rand of Santa Fe, N.M., owns Green Ticket who has 130 pounds with jockey Eric Guerin.

Endymion never has won a major race, but has come close. He was second to Green Ticket in the World's Playground Stakes and third behind Crimson Satan in the Pimlico Futurity last fall.

Rens' Hawkins Wins ABL Title

CHICAGO (AP) — Connie Hawkins of Pittsburgh, the leader through most of the campaign, won the American Basketball League scoring title this season.

Hawkins finished with a 27.5 average on 2,145 points in 78 games. Dick Barnett of Cleveland, playing in only 50 games, averaged 26.2 with a total of 1,314 points.

SET UP TRIPLE CROWN

BALTIMORE — In 1919, Sir Barton, a maiden was entered in the Kentucky Derby as pacemaker for his stablemate, Billy Kelly. His front running derby win was repeated in the Preakness and Belmont, and he became the first horse to win all three events.

WARRIORS IN RACE AGAIN; RALLY TO WIN

By GEORGE ESPER
PHILADELPHIA (AP) — Coach Frank McGuire of Philadelphia said today Wilt Chamberlain's "complete domination" of Bill Russell was the key to the Warriors' victory over Boston which evened their National Basketball Association Eastern Division final playoff series at one game each.

"Guy Rodgers gave us a real good game," McGuire added Tuesday night after the Warriors came from behind to defeat the world champion Celtics 113-106 before 10,474 roaring fans in Convention Hall.

But the big surprise was a rookie named Wilt Laese, who played for McGuire when he coached North Carolina, and who McGuire insisted should be kept on the Warriors' roster.

"Laese came off the bench and came through with key baskets," said McGuire with pride in his voice. "He stole the ball twice. And Paul Arizin played his usual good game (27 points)."

BACK COURT SHOTS

It was Rodgers and Laese who beamed up the Warriors' backcourt shooting, something they have been lacking throughout the playoffs because of the sub-par performances of Tom Gola, hampered by a bad back, and previous off nights by Rodgers. Gola was taken out in the third quarter and whether he will start tonight depends on how he responds to treatment.

Coach Red Auerbach of the Celtics, who host the Warriors in Boston Garden tonight in the third game of the best-of-seven series, said that "for 43 minutes we played great but there are 46 minutes in a game"—meaning the Celtics lost it in the last five minutes.

"It won't happen again," said Auerbach. "We missed the clutch fouls. Every time they came down they scored. We lost the ball too many times when we shot. Chamberlain made some key baskets."

WILT HAS 42

The Warriors trailed by 11 points at 91-80 with a little more than 10 minutes remaining in the game, but with Chamberlain and Laese hitting they rallied to tie the score at 102 with 3:56 left on Chamberlain's field goal. It was Laese's steal of a Bob Cousy pass which set up the tying field goal.

After Boston went ahead by one point on Tom Heinsohn's free throw Chamberlain scored again to put the Warriors ahead for good with 3:37 remaining.

Chamberlain, held to 33 points in Boston's opening game victory in the Garden last Saturday, finished with 42 points, 16 of them in the fourth period, and 37 rebounds.

Russell made 4 field goals in 14 tries, scoring nine points. He had 20 rebounds. High for Boston was Heinsohn with 24 points.

It was the shooting of Rodgers, who scored 22 points, his high for the playoffs, which kept the Warriors within reach in the second and third periods. Rodgers didn't score a point in the final quarter. But Laese came through with eight key points, McGuire said he decided on the rookie "because he's a great shooter."

McGuire also said the Celtics didn't hit on their free throws in the clutch. Sam Jones missed two in a row and so did Cousy in the closing minutes. Boston made only 26 of 42 free throws, the Warriors 25 of 35.

Liston Can't Box In Asbury Park

ASBURY PARK, N.J. (AP) — The City Council turned down Tuesday night the request of Sonny Liston to train here for his heavyweight title fight with champion Floyd Patterson this June.

The council said all available funds would be needed to repair damages caused by the recent coastal storm.

City officials had estimated that it would cost more than \$3,000 to provide training facilities for Liston.

Liston had wanted to work out at Convention Hall on the Boardwalk.

Heavyweights Jack Dempsey, Tony Galento and Max Baer trained here in days past.

Former Champion Expires Tuesday

MIAMI, Fla. (AP) — Jack Britton, 74, twice world welterweight boxing champion, died Tuesday. Britton and Ted (Kid) Lewis met for the 147-pound title four times during a memorable 20-fight series between 1915 and 1919. Each captured the championship twice. After taking the title from Lewis for the last time in 1919, Britton retained it until 1922 when he was dethroned by Mickey Walker.

Britton, born William J. Breslin at Clinton, N.Y., was elected to Boxing's Hall of Fame in 1958. He came to Miami from Yonkers, N.Y., 37 years ago.

P.R. FREIGHT SERVICE MAY BE CURTAILED

Associated Press Special Service
WASHINGTON (AP) — Labor spokesmen have protested a Pennsylvania Railroad proposal to curtail freight service to 23 points in Pennsylvania and 13 in Maryland.

Interstate Commerce Commission records showed today the railroad's proposal was disclosed in the filing of a tariff change notice to the commission's Board of Suspension.

Unless the board suspends the proposed changes before their April 14 effective date, these communities would lose freight service on shipments of less than carload lots, with certain exceptions: Honey Brook, East Earl, New Holland, Leola, Leam Place, Bird-In-Hand, Quarryville, Nanticoke, Wilkes-Barre, Selinsgrove, Middleburg, Beaver Springs, Lewisburg, Mifflinburg, Williamsport, Lock Haven, Renovo, Millersburg, Elizabethtown, Dalmatia, Herndon, South Williamsport and Newberry, all in Pennsylvania.

Also Odenton, Fort George G. Meade, La Plata, Easton, Princess Anne, Crisfield, Pocomoke, Lutherville, Cockeysville, Marlboro, Waldorf, Indian Head Junction and Greensboro, Maryland.

"The procedure of discontinuing railroad service to the public by mere publishing of a tariff which may, but in all probability not, come to the attention of users of the service should not be permitted by the commission, as it is contrary to the public interest," said the Railway Labor Executive's Association in protesting the railroad proposal.

Miss Yoder showed slides on her work in India and told of the work there.

FOOD PRICES ON INCREASE

WASHINGTON (AP) — Higher prices for foods pushed living costs up three-tenths of one per cent in February to a new record. It was the first increase in the government's living costs index in six months and the largest increase since last July.

In announcing it Tuesday, Robert Myers, deputy commissioner of labor statistics, said however that the increase did not appear to signify a new price upturn. He forecast continued stability but said March living costs probably also will show some increase.

The February increase put the consumer's price index at 104.8

VETERAN RED ASSAILED BY FIDEL CASTRO

By GEORGE ARFELD
HAVANA (AP)—Prime Minister Fidel Castro assailed "old Communist militants" Monday night for believing they are the only ones capable of leading the Cuban revolution. He accused one of them, Anibal Escalante, of creating "real chaos" in Cuba by trying to enhance his own political power.

Castro charged that Escalante, a top planner in Cuba's march toward communism, had sought through personal ambition to model Cuba's new monolithic political party along his own sectarian lines.

The Cuban leader denounced his Communist aide in a radio-television address to the nation before a considerable number of ranking government members in the studio audience.

Castro did not specify that Escalante had been dismissed from his top posts but indicated he had, saying: "We have come to explain the separation of this companion whom we consider culpable."

Escalante, 53, founder and former editor of the Communist newspaper Hoy, only two weeks ago was named to the 25-member national directorate of the Integrated Revolutionary Organizations—ORI.

Last year he was given the job of welding all Cuban organizations, including Castro's 26th of July Movement and the Popular Socialist (Communist) party, into a single party to be known as the United Party of the Socialist Revolution.

It was in carrying out this task, Castro charged, that Escalante "abused the confidence" entrusted in him and tried to create an apparatus to pursue personal ends.

Castro again denounced the so-called personality cult. He charged that Escalante had much to do with fostering a spirit of sectarianism which, Castro said, has led many to believe that the only ones who can be given important posts are "the old and militant revolutionaries."

"The boastfulness of the old Communist militants and the belief that those revolutionaries who don't belong to them are not able to occupy important posts is an absurd, negative, stupid policy," Castro shouted.

ISSUES WARNING

"They thought they had won the revolution in a raffle." "We have forgotten that the number of Communists previously in the country was very small," he said. "Now that all the people embrace Marxism-Leninism, how absurd this sectarianism of the old Communist militants is. We must have more unity of all, the old and the new."

Castro warned that his remarks should not be interpreted as a retreat from his regime's goal of communizing Cuba.

per cent of the 1957-59 base period. This was nine-tenths of one per cent higher than a year earlier.

Food prices rose during the month by six-tenths of one per cent, and were the most important cause for the over-all increase. Food prices had been expected to go down instead of up, but Myers said they were influenced by winter storms in Southern states, particularly in Florida and Texas.

Says U.N. Serves American Interests

WASHINGTON (AP) — Under-secretary of State George W. Ball says the United Nations serves American national interests and the United States should continue as its leading member.

Ball gave this strong defense of Kennedy administration stress on the United Nations Monday in a speech which aides described as a major rebuttal to recent criticism.

Sen. Henry M. Jackson, D-Wash., last week said the United States should rely less on the United Nations and more on military power, a stronger Atlantic community and direct diplomacy. This and other comments from influential persons, among them past U.N. supporters, have disturbed administration leaders.

Ball spoke at the outset of a two-day foreign policy briefing session for some 800 newspaper, magazine and radio-television newsmen from around the country.

Cardboard Box Co. Destroyed By Fire

SELINS GROVE, Pa. (AP)—Fire destroyed a cardboard box manufacturing company's warehouse here Monday.

More than 200 firemen from surrounding Snyder County communities and from Sunbury battled the blaze for four hours. It attracted a huge crowd of workers homeward bound on U.S. 15, a main north-south highway through Central Pennsylvania.

Officials of the company, J. G. Ott Packaging Co., Inc., estimated the loss at \$30,000. The cause of the fire was not immediately determined.

Two firemen were treated at the scene for smoke inhalation.

A Lovelier You

By MARY SUE MILLER

RINGS ON HER FINGERS. Nail polish and jeweled rings can't cover up neglected hands.

This truth was brought home

most forcefully while I reviewed a new collection of magnificent, precious jewelry at a renowned Fifth Ave. shop. The pieces were shown, one at a time, on a velvet-topped table by a charming, well-dressed woman. But it was not the gems or the woman that held my attention. It was the lady's hands, so discolored and rough as to be grubby. Squalor among riches!

What excuse can there be for such a lapse in feminine fastidiousness? You will see a good deal of it, if you only observe. How about the career girls at lunch, the women in tea rooms, the

teens at soda fountains—all looking so well turned out until you glimpse their hands? Could it be that we girls are putting the cart before the horse? That we place too much emphasis on the trappings of beauty and not enough on the basics?

The basics of hand beauty can be had at bargain rates. The cost is mild soap, a stiff brush, work gloves, lotion and a manicure kit. Plus the never-failing use thereof! The trappings—a diamond solitaire, let's say—are not so cheaply come by. But it's amazing how the largest solitaire usually lands on the prettiest hand!

LOVELIER HANDS

Do you have a hand problem? Send today for LOVELIER HANDS, a booklet that covers every step in a quest for hand beauty. It tells how to keep the skin and nails groomed; how to overcome weak nails, polish chips, discolored knuckles, prominent veins, wrinkles; how to use the hands with poised grace. To obtain your copy, write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a large, self-addressed, stamped envelope and 20 cents in coin.

NEW FLIGHT TEST

EDWARDS AIR FORCE BASE, Calif. (AP)—A new control system, designed to enable the X15 rocket ship to reach altitudes of 250,000 feet, will be tested this week.

The National Aeronautics and Space Administration said pilot Neil Armstrong will test the system in a series of flights scheduled to begin Wednesday. The rocket ship hit 4,093 m.p.h. and an altitude of 217,000 feet in tests last year.

STEEL PROFIT LOW LAST YEAR

CLEVELAND (AP)—The profit squeeze on the U.S. steel industry tightened last year, Steel Magazine said Tuesday in a preview of its April 2 edition.

The edition's dollar volume of net profits dropped 14.2 per cent below 1960's, and its net profit of 5.2 cents per dollar of sales was the lowest since 1952's 4.5 cents, the publication said.

Steel, in its 37th annual financial analysis of the steel industry, estimates 1961 net income for the industry at \$71.2 million, lowest since 1954's \$63.3 million. It sets sales and revenues at \$13.7 billion, compared with \$14.5 billion in 1960.

DOLLAR VOLUME OFF

While 34 companies' output of steel for ingots and castings was only 1.8 per cent below that of 1960, the publication said, dollar volume of net sales and revenues was off 6.1 per cent. It said this reflected price shading and a 7 per cent decline in mill shipments of finished steel.

In the 34 companies, it noted, there were 64,500 fewer jobs in 1961 than the year before and the federal government got \$166,904,440 less in income taxes than it did in 1960.

On the plus side, the magazine said, there was a 4.3 per cent increase in depreciation taken in 1961, and working capital last year rose 11.4 per cent above the 1960 total despite the decline in net income.

SWALLOWS AND TWIST TOPICS FOR DISCUSSION

By THE ASSOCIATED PRESS

Medical men investigate how often humans swallow, the return of some alcoholics to safe social drinking, and injuries from dancing the Twist.

SWALLOWS

Eating a 10-minute lunch, the average person apparently swallows 48 times, and he swallows 7 to 8 times during a full night's sleep.

Sitting and reading, 15 volunteers also averaged 34 swallows per hour, and 31 while lying down awake, reports Dr. Clement S. Lear of the Harvard School of Dental Medicine.

The reduced amount of swallowing during sleep, with little or no salivation, may affect the activity of mouth bacteria, Dr. Lear says.

SOCIAL DRINKING

A dictum among experts on alcoholism is that the confirmed al-

coholic can never return to social drinking. Most times, one drink or a few drinks lead to destructive binges.

But this may not always be so, says Dr. D. R. Davies, a British psychiatrist from London. He tells of seven men, out of 93 persons given limited psychiatric treatment, who were able to resume social drinking, and have been able to drink moderately for 7 to 11 years since then.

He gave his report in the quarterly Journal of Alcohol Studies, publication of the Rutgers Center of Alcohol Studies. The center recently moved to Rutgers from Yale University.

TWIST INJURIES

A physician accustomed to treating injuries suffered by football and basketball players in contact sports is puzzled over the knee injuries among teen-agers doing the twist, the acrobatic new dance craze.

Dr. Bernie P. Davis of Buffalo, N.Y., says he thinks the twist has an hypnotic influence on the performers, "so they are unaware of the hazards to themselves. Under normal conditions, when excessive strain is put on knee ligaments, they react with pain, and

New Gas Will Not Permanently Injure

WASHINGTON (AP)—Asst. Secretary of the Army Finn Larsen says the Army is making considerable progress in developing a nerve gas that could incapacitate large populations for several hours without doing permanent injury. And he says the Russians are stockpiling large amounts of a similar gas.

His statements came in testimony before the Senate Armed Services Committee which was made public Monday.

Larsen agreed with the chairman, Sen. Richard B. Russell, D-Ga., that the gas could be used by Russia in an attempt to cripple the Western European industrial complex without destroying it.

the person stops whatever is causing the pain. But in the twist, teen-agers seem to be hypnotized by music and rhythm and don't realize the strain they are putting on their knees."

FTC WILL GET FURTHER DATA

PHILADELPHIA (AP)—The Third Circuit Court of Appeals has directed the Federal Trade Commission to gather further evidence before ordering the Scott Paper Co. to divest itself of interest in three companies.

The court, in an opinion handed down Tuesday by Judge Harry E. Kalodner, had the effect of staying an FTC order of December, 1960.

The FTC had directed Scott Paper to divest itself of the properties of Soundview Pulp Co., Hollingsworth & Whitney Co., and Detroit Sulphite Pulp & Paper Co.

Thomas B. McCabe, Scott president, commented Tuesday: "We are naturally disappointed that the court did not set aside the FTC order. We believe the company's acquisitions were proper and lawful and any further evidence will support that conclusion."

VIOLATED ACT

The FTC, in June, 1956, charged Scott's acquisition of the three firms two years earlier constituted a violation of the Clayton Antitrust Act.

A trial examiner subsequently dismissed the complaint, but was overruled by the FTC.

Kalodner, in his opinion, said the commission placed emphasis on what it termed a comprehensive survey which showed Scott's market shares to have increased after acquisition of the companies.

But, said Kalodner, the survey failed to pinpoint the year the increase occurred. He directed the FTC to gather further evidence before resubmitting its case.

Sees Politics In Project 70 Plans

ALLENTOWN, Pa. (AP)—The Lehigh Valley Federation of Sportsmen's Clubs says a proposed \$10 million allocation under Gov. Lawrence's Project 70 may lead to political dictation of policies of the State Fish and State Game Commissions.

The federation, in a statement Tuesday, said the proposed \$10 million should go to the State Forests and Waters Department, instead of being halved between the other two agencies.

If the two receive a \$5 million allocation as proposed, said the federation, there would be "a strong possibility of strings being attached, with implications of, or opportunity for, political dictation of policies."

The federation, however, recommended going ahead with the

Catholic Hospital Has Kosher Kitchen

READING, Pa. (AP)—St. Joseph's Catholic Hospital has a newly opened kosher kitchen in supervision, describes it as "an outstanding example of brotherhood."

Sister St. Robert, administrator of the hospital, said Tuesday the Jewish patients, who normally occupy about 10 per cent of the hospital's 350 beds, are happy because of the convenience of the kitchen. She said the nuns, too, are gratified because they know

rest of Project 70, which would allocate about \$70 million for the purchase of land for recreation and conservation.

the patients are happier. "Until we put up this kitchen patients who wanted kosher food had to have it brought in by their families, many of whom lived miles away," explained Sister St. Robert.

Police Search For \$20,000 Jewel Thief

PITTSBURGH (AP)—Police were searching today for the thief who grabbed \$20,000 worth of jewelry from the motel room of an Erie jewelry salesman.

Ben Spector told police Tuesday night that a heavy suitcase containing gold rings and cultured pearls was stolen from his room at the Civic Center Motel in the Oakland section of the city.

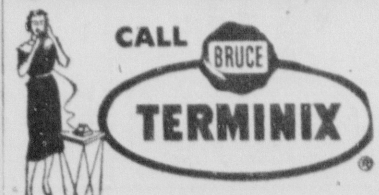

Spector said the thieves entered his room by forcing the door.

Spector is employed by a Buffalo, N. Y., jewelry firm. The firm is located at 7086 West Chippewa St.

GOLDWATER IS NOT BOTHERED BY DECISION

WASHINGTON (AP) — Sen. Barry Goldwater, R-Ariz., took issue today with those who see the Supreme Court's action on legislative apportionment as a blow to political conservatives.

Goldwater, a spokesman for GOP conservatives, called the court's ruling which opened the field of urban-rural representation to federal judicial review "a proper decision."

"I know there are those who say that the conservatives' political strength will be reduced if the cities gain more representation in the legislatures," he said in an interview.

"But I don't agree with that. I don't think it will make any change. There are proportionately just as many conservatives in the metropolitan as in the rural areas."

GOP LOSES

Sen. Kenneth B. Keating, R-N.Y., who regards himself as considerably more liberal than Goldwater, said in a statement speculation that the Democrats would gain by legislative changes giving a greater voice to city voters is premature.

Supporting the court's action, he said surveys have shown that the cities—where the Democrats have proved themselves strong—have had improved representation while the suburbs—where Republicans have been more numerous—have suffered.

"It is evident from such studies

TEACH SAFETY TO CHILDREN

PITTSBURGH (AP) — Highway accidents can be prevented if young children are given safety education, says a Cleveland safety expert.

Louis H. Bornoff, safety manager for the H. K. Ferguson Co., said Tuesday that "safety education must start from the cradle to delay the grave."

"You can teach a child in his formative years anything you want to," Bornoff said, "but you can't take an adult and change his way of thinking."

Bornoff, in Pittsburgh for the opening of the annual Western Pennsylvania Safety Engineering Conference and Exhibit, said 88 per cent of accidents are preventable. He added that faulty equipment cause about 10 per cent of the accidents and that only two per cent are "acts of God."

that the suburbs of America, rather than the cities, would be the most likely beneficiaries of an apportionment overhauling," he said.

TERRIBLE DECISION

States' rights critics found no practical way of warding off what they characterized as federal intervention in a local field.

Sen. Harry F. Byrd, D-Va., predicted U.S. judges will find themselves involved in complex difficulties in carrying out the high court's directions.

"It was a terrible decision," he said. "I do not regard it as the law of the land. But I suppose it is the last resort."

Americans spend more than a billion dollars each year for professional laundry services.

TWO MIDWEST STATES FIGHT FLOOD WATERS

By THE ASSOCIATED PRESS

Flood workers battled the surging waters of many rivers and streams in parts of Iowa and Nebraska today as early spring overflows forced hundreds of persons from their homes.

Mild weather increased the melting of the heavy snow cover in the flood-stricken areas. The season's warmest weather also extended across most of the eastern half of the nation.

In Nebraska, the most severe flooding appeared to be in Pierce, on the Northfork River in the upper northeast section of the state. The river had spilled over more than 30 blocks of the town of some 1,200 persons. Evacuation of residents continued throughout the night.

OTHER DANGER SPOTS

Minor flooding was reported in Norfolk, a town of about 12,000 some 12 miles downstream from Pierce, and water covered farm lands between the two communities.

Other danger spots were in Waterloo and Kings Lake on the Elkhorn River, and near Bellevue a south suburb of Omaha, at the confluence of the Missouri and Platte rivers and Pappio Creek. About 300 of the 620 residents of Kings Lake left their homes but only a few were evacuated at Waterloo. Some 400 persons in the lowland area of Bellevue left their homes.

The Floyd, Big Sioux and Little Sioux rivers flooded areas in northwest Iowa. The Floyd River was expected to crest at six to seven feet above flood stage in Sioux City by late Thursday. Sandbags lined the banks of the Floyd River which twists through the eastern part of the city of 85,000 population.

SIoux ON RAMPAGE

The Little Sioux was on a rampage and menaced Spencer, a town of about 7,500 with a possible 20-foot crest, 10 feet above flood stage. Floodwaters covered farm lands in northern counties. In the nation's weather, showers sprinkled the Dakotas while a mixture of wet, snow and rain pelted sections of Montana. Light rain fell in many parts of New England as cloudy skies persisted from eastern New York northeastward.

A southerly flow of mild air kept temperatures far above seasonal levels in a broad belt from New Mexico northeastward into the Missouri and upper Mississippi River valleys.

Blame Jealousy For 3 Murders

EMPORIUM, Pa. (AP)—Jealousy has been blamed as a motive for a triple murder and suicide in nearby Gardeau last March 21.

A Cameron County Coroner's Jury issued the ruling Tuesday at an inquest. The jury said Jesse Riffle, 27, shot his wife, Bonnie, 17, and their 10-month-old son, Roy, in their home and then killed his neighbor, Sidney Carl Long, 25, at Long's home.

The jury said Riffle returned home and killed himself.

Henry Alderman, another neighbor, testified that he thought Riffle was drinking prior to the shooting. Alderman said Riffle told him he planned to shoot someone, but Alderman said he didn't take the threat seriously.

Students Riot When Refused Holiday For Wrestling Champ

LOCK HAVEN, Pa. (AP)—Hundreds of screaming college students rioted Tuesday night outside Lock Haven State College in protest of the administration's refusal to grant a day off.

For more than three hours, authorities said, some 800 youths paraded about the school campus, shouting defiance, setting small fires and barricading highways and roads with school-owned furniture, coats and beds.

All available state police troopers and local police officers were summoned to the scene, but found it impossible to hold back or quell the boisterous protest demonstration.

At one point, fire hoses were even turned on the mob in an effort to end the riot but with no success.

CHAMP WRESTLER

Dr. Richard Parsons, president of the school, said the incident apparently stemmed from his refusal to grant a free day to all students in honor of college wrestling star Gray Simons.

Simons was named the outstanding grappler last weekend in the NCAA wrestling championships at Stillwater, Okla.

"They wanted a free day, but we don't believe in days off for athletic events," Parsons explained.

The noisy demonstration lasted from about 8:30 p.m. until shortly before midnight. Only after Lock Haven Mayor Douglas Peddie and several members of the Student Council appealed to the youths to return to their homes and dormitories, did the riot subside.

Several students tossed stones in their struggles with police, but no one was seriously injured. Both students and police suffered minor cuts and bruises.

BLOCKED TRAFFIC

Most of the activity centered around U.S. 120 which runs through the middle of the campus. Students massed together at various points of the road and set up barricades, blocking traffic for hours.

Parsons said he attempted to quiet the rioters early in the night through a loud speaker system, but his words fell on deaf ears.

Peddie arrived about 11 p.m.

"I tried to talk to them, but they didn't listen at first," he said. "Then some student representatives approached me, and together we appealed to the students. Eventually, they just quieted down."

None of the demonstrators was arrested. City police officials said they planned to confer with college officials today.

"SPRING FEVER"

However, both Parsons and Peddie tended to blame the incident on "spring fever."

"They were having a merry time and they got a little out of hand," Parsons said, adding that he did not anticipate any disciplinary action.

When asked about the school-owned property used to set up barricades, he replied that he would have to look into the matter.

"One thing for sure though," he concluded, "they still aren't going

Peddie said the Lock Haven Fire Department succeeded in putting out the brush fires before they caused any extensive damage.

Letter To The Editor

York Springs, Pa.
March 28, 1962

Editor

The Gettysburg Times
Gettysburg, Penna.

Dear Sir:

Through the space in your paper, and time over WGCT, and the far-sighted vision of a few citizens a miracle is shaping up in the transportation of a boy and his parents to Disneyland. (I am aware, too, that hundreds of others have had a helping hand.)

I am writing to see if your paper might not be the stepping stone to another miracle. A miracle of faith for this boy's recovery. If all of us prayed, And if all who prayed tried to do something to please God, might He not have in His will a place of healing in his behalf.

I have been led to say these words because of a similar case that came to me through the mail. I quote in full the story taken from "Home Missions Newsletter," Spring 1962

FROM THE KENTUCKY MOUNTAINS

Simon Robinson, pastor of the Pine Crest Church, gives this testimony and tells about the miraculous healing of a young man in his congregation. "Last spring Edward was very ill. The doctors said he had the worst form of leukemia and that no one has ever been known to have recovered from this type. On Sunday, after the morning service, a number of our people bowed at the altar and prayed earnestly for Edward's healing. He began to improve and when he was checked again the doctor said that his body was producing the proper blood. Every check since indicates that he has been completely healed. Recently, as he left his Sunday School class, he asked, 'How did you have to be to start preaching? I know God did not heal me to live for the devil. I do want to live for Christ.'"

While we have prayed for the boy, we will have special prayer for him this Thursday evening, the Good Lord willing.

Yours for more miracles,
(Pastor) Donald G. Roemer
P.S. I would like to say for your benefit, we have visited this mission station, and have met the pastor on several occasions.

Cicada Is Choice In Florida Derby

MIAMI, Fla. (AP)—Meadow Stable's Cicada, substituting for her injured stablemate Sir Gaylord, is the early favorite over 11 other prospective starters in Saturday's \$100,000 Florida Derby. She is the only filly in the field.

Winner of 13 races in her 19 starts, Cicada gets in the mile and an eighth race under only 117 pounds to 122 for her top rivals and 118 on the other colts. Willie Shoemaker rides Cicada in the last big race of the winter for derby-age horses.

Other top prospects for Saturday's big event are Mrs. Moody Jolley's Ridan, Fred W. Hooper's Admiral's Voyage and Knoll Farm's Sharp Count—all under 122.

How a Farmer Can Be

UBIQUITOUS*

With Very Little Effort

Ever wish you could be in a dozen places at once? You can achieve this seeming impossibility when it comes to paying bills.

With a checking account, you write checks for all your bills. Then, instead of journeying from place to place, you put them in the mailbox—all in one fell swoop.

Open a checking account with us. Be one of the most ubiquitous persons in your neighborhood!

*As the dictionary says: Ubiquitous—seeming to be everywhere at once.

The 1962 1/2 Volkswagen.

When the Volkswagen people find a way to improve the VW, they do it. Then and there.

If you come in to buy a new VW today, you'll get one with an entirely new steering mechanism. It gives you an even better sense of touch with the road and makes the VW still easier to handle. Volkswagen didn't rush to put it on their '62 model; it wasn't quite ready. And they didn't wait for the '63 VW to come; it's ready now.

VW has made thousands of changes in the past 15 years. And there'll be more in years to come. But not one change has ever made a VW obsolete; only better.

Now and then, people ask why Volkswagen doesn't change their car once a year like everyone else.

The answer is simple: once a year isn't always enough.

The Second Move Is Jack Newport's

The first move, of course, is yours. You come to Jack A. Newport, manager of Wolf's New Home Department, and tell him about your hopes and plans for a new home of your own. The second move, and the hundreds of moves that follow, are mostly Jack's.

Here are just a few of the things he'll do for you:

- Help you decide what you can afford to spend
- Help with house plans and specifications
- Arrange financing for you
- Obtain construction money for you
- Help to select a capable contractor
- Assure you of getting the most house for your money, with good sound construction

There are many other steps between your first meeting with Jack and the time he'll be inspecting the foundation of your home (as he is pictured above). With Jack's help, though, you'll find your new home progressing smoothly and rapidly.

The couple discussing their plans with Jack in the small picture above can have construction of their home under way within weeks. In just a few months they'll be able to move into
